

How to get to the main hospital doors of Sydney and Sydney Eye Hospital.....

From Macquarie Street

- Enter through the cast iron gate with the red sign above the gate. (the sign says “*Sydney Hospital and Sydney Eye Hospital Emergency Department and Wards, Vehicle access at rear*”)
- Walk straight, along the paved walkway
- Walk towards the clock
- Walk past the Emergency Department (which is on the right hand side)
- On the right hand side you will see glass sliding doors with a white sign above the doors that says *Sydney Hospital/Sydney Eye Hospital*

You have now arrived at the main entrance of the hospital.

From the carpark lifts

- Step out of the lift
- Turn right
- Turn immediate right
- Turn right again. There you will see glass sliding doors on your right hand side, with a white sign above the doors that says *Sydney Hospital/Sydney Eye Hospital*

You have now arrived at the main entrance of the hospital.

From Hospital Road, Patient Set-down and pick-up area

- With your back facing Hospital Road, turn left, walk alongside the garden area up the paved walkway/ramp (with metal handrail on both sides)
- Keep walking straight until you reach the first set of glass sliding doors on your left hand side, with a white sign above the doors that says *Sydney Hospital/Sydney Eye Hospital*

You have now arrived at the main entrance of the hospital.
